Tori's new composition 'Woman', written in celebration of womanhood, is released on 6 March in honour of International Women's Day, March 8, 2020.

Woman has already gained recognition from BBC Introducing Merseyside. Radio Dj, Dave Monks has played the track both on his show on BBC Merseyside and on BBC Radio six.

Woman by Tori Cross is an absolutely timeless track which speaks beautifully about being strong and tough as a female whilst also embracing vulnerability and allowing yourself to be human. **Woman** is a song inspired by all of the strong females in her life, especially her mother who brought her up without the help of her father.

The gospel influenced track oozes deep soul and a modern sophistication from this new artist on her way up to the top.
